

December 23, 2011

To whom it concerns:

This letter is to certify that the Rockley Family Foundation and its partners provided Colorado Christian University the loan of 5 pianos for the past year. I understand that the value of this loan is \$76,100 (including delivery and tech work).

We appreciate the use of these pianos for our university students. The pianos are used for practice as well as in studios for instruction. This loan program is important to our ongoing efforts to provide quality music education for our students.

Sincerely,

Dr. Christelle Menth
Professor of Music and Keyboard Coordinator
Colorado Christian University School of Music
