Dear Tobin, *Tobin*

Thank you for the beautiful donation of six Kawai electronic keyboards to the students at Ferris School and Grace Cottage. These musical instruments will bring joy, hope and inspiration to children who have much pain and hardships in their lives. The music will be a powerful positive force and an ideal outlet for children who are learning how to express themselves in healthy ways.

Tobin, I wish you could have been there when I dropped the keyboards off - the kids were so excited! As we carried the instruments into the building, both the staff and children were filled with delight. It made them feel so special that people were thinking of them and giving them the tools to experience the wonder of music.

Since our organization began just two short years ago, we have provided over \$35,000 worth of tickets for events to needy children who otherwise could not attend. We also sponsor events for Delaware's foster children and give toys to these children during the holiday season, and donate supplies to children in need.

In 2011, *Kind to Kids* plans to reach more needy children with events that open a child's eyes to the wonders of the world and expands their horizons to the possibilities that are out there. As you know, the cost of providing these valuable services does not go away, and we hope for your continued support in the future. Tobin, the youth rehabilitative centers are always looking to expand opportunities for the children... so if there are any available instruments further down the road, please keep us in mind. ☺

Thank you for making a difference in the life of a child in need.

*Your kindness makes the world a better place.*

Warm regards,

*Caroline*
