Dear Mr. Rockley:

Thank you for your gift in support of the College of Arts and Sciences. I appreciate your kind generosity.

Strong support from our loyal faculty, staff, and friends helps the University and the College of Arts and Sciences to move high-quality programs to even higher levels, to achieve national recognition in a growing range of disciplines, and to attain a merit-based reputation for excellence. As you know, this is most important when we realize that such benefits are experienced on a daily basis in the lives of individual students and their families.

I am proud of the accomplishments of our College and am truly grateful for the generous support of its benefactors. Again, thank you for your kind gift and for your encouragement.

Sincerely,

George H. Watson
Dean
