Dear Mr. Rockley,

On behalf of the University of Colorado School of Medicine, thank you for your recent gift for the Arts and Humanities Program for the Center for Bioethics and Humanities Fund. With generous support from you and the School's many friends, we continue to rank among the country's best medical schools.

Your gift maintains the high-quality programs that matter to our students and faculty. The quality also makes a difference to people in Colorado and the region who benefit so much from our scientific research, professional education, and clinical excellence.

We work every day to discover new, safe, and more efficient ways to treat and prevent illness and disease. Please know we are grateful for your help.

With warm regards,

Richard D. Krugman, M.D.
Vice Chancellor for Health Affairs
Dean, School of Medicine
