Lakewood, CO 80226

Dear Tobin,

On behalf of the Board of Education, the staff and the students of the Thompson School District, I would like to thank you for your gift given to the school district.

Your donation of three musical instruments and 5M keyboards (\$37,549.75) to be used by the music department at Mountain View High School will allow us to continue creating the best learning environment possible for our children.

Per IRS regulation, we hereby state that you received no goods or services for this gift. Please retain this written acknowledgement for your tax records. Your commitment to education and specifically to the Thompson School District is greatly appreciated.

Thank you for supporting public education in our community.

Sincerely,

Shana Garcia
Board of Education
