Dear Tobin,

On behalf of the University of Arkansas - Pulaski Technical College Foundation, thank you for your recent gift of \$10,000.00 to support our mission. Because of you, our students are offered life-changing opportunities that give them hope, dignity and lasting success.

The majority of our students are first-generation college students and many come from low-income households. But with your support, they graduate, transfer or enter the workforce and become confident business leaders and tax-paying Arkansas citizens.

As a result, UA - Pulaski Tech continues to have a positive impact on Arkansas' businesses and industry, preparing educated and goal-oriented individuals for employment and meaningful, productive careers.

"Education is the most powerful weapon which you can use to change the world." In the words of Nelson Mandela, this is the reason for the important work we do every day.

Together, we are transforming lives, building stronger communities and strengthening the state of Arkansas.

We cannot do this without you. Thank you for your support.

Sincerely,
